Ok, I understand now..... So, as I wrote before, the last time I spoke to Alice she was in the Rehab. It had taken me some time to find her there because her phone #s were not working or messages full. I had to call Lakes of Delray administration to locate her. Alice and I worked together for many years until her retirement from Zanella, and then we stayed in touch after she moved to Florida with her husband Bob. They were a lovely couple and I visited with her many times when she lived in the Bronx and after she moved to Florida. Sometimes, I would come with my significant other, Michael and other times with a girlfriend. I did not know that she had passed.....and it was my s/o who suggested I look on line and then I found her obituary. Alice will always be in my heart as a lovely, kind, intelligent woman.....we shared stories of Zanella co-workers and she always asked after them even when she was retired. She was always asking me when I was moving to Florida so we could spend more time together, but I guess that was not to be....as circumstances prevented me from doing so. I send my belated condolences to her family, her brother and family and her niece.....and others.....especially her Delray friends whom I know will be missing her too. I posted before, but I don't think it took because when I went on to 'share' it brought me to facebook. Is that right? judieland228@msn.com
